

TT Rockstar

Have you practised your Times Tables enough this week?

- Year 6 need to revise their times tables on a regular basis to ensure they can apply them to other mathematical concepts.

My Maths

My Maths is a targeted, rewarding and captivating online learning resource, which is aligned to the new curriculum. Extra My Maths practise at home can make all the difference to your child's progress and achievements.

Reading

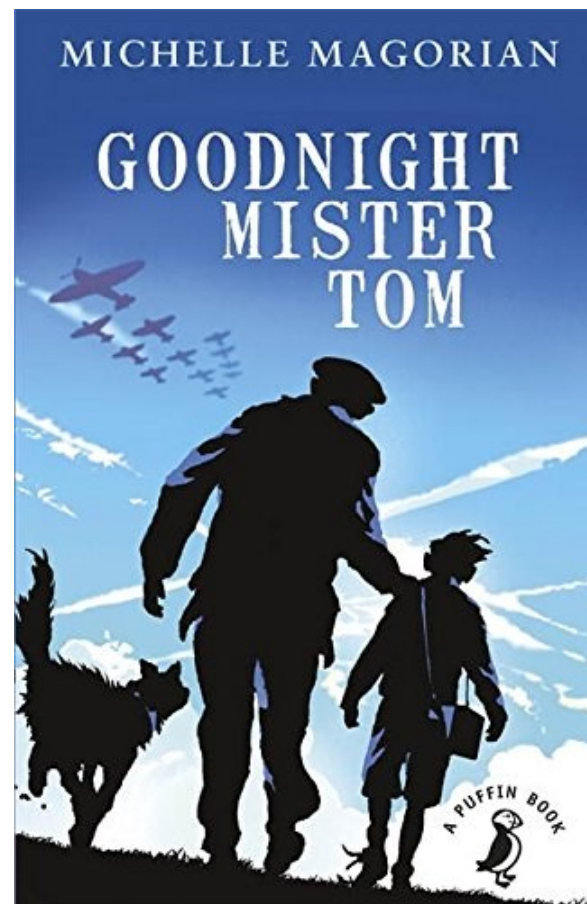

Please read every day and bring your reading records in daily. Reading everyday is enjoyable and will help you across all subjects and improve your writing!

Dates

Please check the weekly newsletter for up coming dates and key information.

Autumn Term Learning

Year 6

English

In English, we will continue to develop children's reading and writing, developing their writing for narrative skills, flashbacks diaries and letters. We will also be recapping the year 5 Grammar curriculum.

Maths

We will start with revising place value (recognising numbers up to 10 million). Following this, making sure all children have a secure understanding of the four operations (+ - x and divide) Children should have rapid recall of all their times tables up to 12x12: please continue to practise your times tables to ensure you are fluent, this will help you with the year 6 curriculum.

Autumn Theme

In History lessons, we will be studying the impact of War in Europe. Starting with WWI and following the history all the way through WW2. We will learn about how different countries' leaders impacted the war. We will also learn about life during the war through the study of our book Goodnight Mr Tom.

In Geography, we will be examining the countries in Western Europe; focussing on mapping skills and Geographical features. We will look at which countries were Axis and which were Allies. In Design and Technology, we will be learning about Anderson shelters, designing and creating our own. (Please can you save some cardboard boxes if you have any.)

Science

We will study Evolution and Inheritance, looking at how living things change over time, to adapt to their environment. Then we will learn how living things are classified, based on their features.

Reading

In reading lessons, we will be studying the books Goodnight Mr Tom by Michelle Magorian and War Horse by Michael Morpurgo. We will be teaching a range of strategies to enable children to answer comprehension questions using skills such as clarifying, inference, deduction, vocabulary, evaluation and retrieval.

PE

Our PE days are Wednesday and Friday. Please send your children to school wearing their PE kits on these days. They will remain in their kit for the rest of the day. We will be developing our sportsmanship skills through tag rugby, football, dance and gymnastics in preparation for upcoming events.

Computing

We will focus on online safety, spreadsheets and then create our own blog.
