

# PENGUINS

## Literacy

We will explore the traditional story 'Jack and the Beanstalk' and we will plant our own beans! We will also learn about castles and have a go at labelling the different parts.

## Expressive Arts

We will choose and use different materials and techniques to make cards for Mother's Day and Easter.

## Understanding the World

We will explore Easter and learn about why it is a special time for Christian people.

## Welcome to Spring Term 2

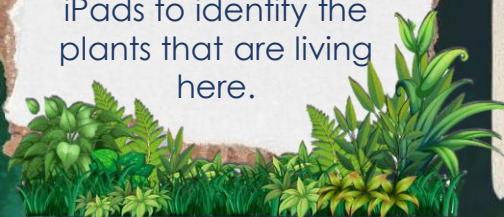

We have another exciting half-term of learning planned for the children...please see below for snippets of what will be happening.

Our theme is:

**What is a castle and what will I find there?**

## Understanding the World

We will explore our school grounds and use iPads to identify the plants that are living here.

# SPRING 2

## Maths

We will explore pairs of numbers that make 10 and we will find ways to work these out. We will also learn how to name and describe 3d shapes.

## Physical Developments

We will continue to develop our large movements by travelling around, under and through objects. We will practise controlling one-handed equipment like scissors and pencils.
