Wellbeing Award for Schools Reaccreditation

Dear Parents/Carers,

As you may recall, back in 2023, we achieved the Wellbeing Award for Schools. We are pleased to share that we will now be working towards reaccreditation of this award. This nationally recognised award celebrates schools that place the wellbeing of children, staff and the wider school community at the heart of everything they do.

Over the coming months, we will be reviewing our current provision, gathering feedback from children, parents and staff, and identifying further ways to strengthen our approach to wellbeing. The reaccreditation process provides an excellent opportunity to reflect on our successes and continue to develop a positive, supportive and nurturing environment where everyone can thrive.

Parents and carers play a vital role in this process. We would welcome your feedback about how well the school supports the wellbeing of children and families. You will have the opportunity to share your views through the completion of a parent evaluation form which will be sent out in due course. Your feedback will help shape our action plan and ensure that wellbeing remains our priority for everyone. Alongside this, if you would like to become more involved and be part of the Review Team, which will look at and further strengthen our current wellbeing provision, please get in touch via the school office.

We look forward to working together with our whole school community as we continue our commitment to promoting wellbeing and achieving the very best outcomes for all.

Yours sincerely,

Mrs Prior

Assistant Headteacher

National Nurturing
School Award
2025
