Opening Statement and Principles

This policy sets out Blean Primary school's commitment towards equality and diversity. The aim of this policy is to encourage and enable inclusion and achievement through the management of staff, curriculum, pupils, parents and carers in an environment that recognises the different life chances that individuals have and works to achieve the best outcomes for them all both as individuals and as members of our community and to ensure that this diversity within our school community is celebrated and valued.

We seek to uphold and implement these core values as a service provider and employer and to ensure that our services are accessible and delivered effectively. We also recognise the unique opportunity we have as a school to positively influence the broader community by creating positive relationships between people through community cohesion. Aims to eradicate discrimination

At Blean Primary School we believe that a greater level of success from pupils and staff can be achieved by realising the uniqueness of individuals. Creating a prejudice-free environment where individuals feel confident and at ease is a commitment of the school. This environment will be achieved by:

- Always treating all members of the school community fairly.
- Developing an understanding of diversity and the benefits it can have.

- Encouraging moral and social responsibility.

We are committed to having the Blean Curriculum being a balanced and fair one which creates pupils who are physically and mentally healthy, ready for the next stage of learning and who have a love of learning. Consequently, we believe that our pupils should be exposed to ideas and concepts that may challenge their understanding to help ensure that pupils learn to become more accepting and inclusive of others. Challenging and controversial concepts will be delivered in a way that prevents discrimination, and instead promotes inclusive attitudes. We will also respect the right of parents to withdraw their children from classes which pose conflicts to their own beliefs.
