

# West Derby School Remote Learning

Here is a selection of learning platforms that we will use to support home learning. Just click on the name which will take you to the website of your choice.

## Microsoft Teams

Here you will find the link to your virtual lessons. You may also have some assignments set here.

**Satchel:One** (Sometimes referred to as Show My Homework)  
Here you will find a list of all homework and remote learning tasks.

## Moodle

Here you will find all activities and support for your ICT, Business and Computing courses.

## Office 365

When you log in to Office 365 you will have access to MS Teams, MS Word and powerpoint as well your email address.

## GCSE Pod

Allows you to create a playlist of topics within each GCSE subject. It can help to focus revision or enhance the work you do in class.

## Maths Watch

Your teacher will identify which clips you need to watch and assign interactive questions to test your understanding.

## Just Maths

The site provides excellent video clips to support the grade 4 and 5 material for GCSE Maths.

## Kerboodle

Many subjects such as Science and Spanish will use this website to set classwork and homework activities. Your teacher will have given you a log in and password.

## BBC Bitesize

Your teachers will use this website to set online lessons or research.

OAK  
NATIONAL  
ACADEMY

## Oak National Academy

You will find excellent online lessons with quizzes to check your understanding. This will be used by teachers when setting home learning during an isolation period.

## Isaac

This website is highly recommended for separate science students.

## Active Learn

This is used by many subjects particularly Spanish. Your Spanish homework will be set here.

## Languages Online

This is particularly good to support your understanding of grammar in Spanish.

## Seneca

Your geography teachers recommend using this website. It is also useful for many other subjects.

## Technology Student

This website is an essential for design technology and engineering students.

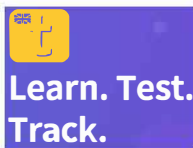

## Drama Toolkit

This is particularly good to support your development in Drama.

## Scratch

This is a fantastic website to practise your coding skills.

## Test and Track

Use this to test your understanding of Python. It has quizzes and activities to support your learning.

## WDS Btec Digital Media

Mr Black has created his very own website that guides Digital Media students through their course. It holds all course information and units to be completed. You can find it by clicking on the logo above.
