

OXLEY PRIMARY SCHOOL

ELEPHANTS

English

In English, we are continuing with our work on How to Train Your Dragon by Cressida Cowell. The children have really enjoyed this brilliant books and they have already produced some brilliant work, As we complete the book after half term, we will be working on setting descriptions, recapping our work on speech and writing our own narratives in the same style as the author.

French

In French we will be starting our new unit 'do you have a pet?' where we will be learning how to talk about a range of pets.

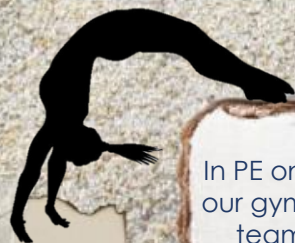

Art

Our art unit this term will concentrate on how to make our drawings come to life by using animation. We will be using computer software to help us to make our drawings move.

Science

In science this term we will be learning about the digestive system including teeth. We will look at how our teeth help us to begin the digestive process and what happens as the food moves through our bodies. We will also investigate food chains and what happens when the environment around an animal changes.

PE

In PE on a Tuesday we will be working on our gymnastic skills as well as focusing on team work and collaboration. On a Thursday, we will be working on our throwing, hitting and fielding skills in rounders.

Food technology

Our food technology unit this term will focus on bread, We will begin by researching a range of different breads and will conclude by make our very own products!

Summer 2 in the Elephants.

PE days will be Tuesday- PE with Mrs. Walker and Thursday for PE with, Matt the sports coach.

Library slot: Friday

We are all really looking forward to this term. There are lots of exciting things to look forward to, our class assembly, Oxley's Got Talent as well as rounding up our learning for the year.

WC 3rd June Multiplication times table check.

SUMMER 2

Maths

In our maths lessons we will start by looking at telling the time on an analogue and digital clock to the nearest minute. Anything you can do at home to support this will be highly beneficial! We will then continue our learning by looking at angles, 2D and 3D shapes. To conclude our mathematical learning for the year, we will be looking at how we can present data in different ways such as bar charts and line graphs.

Computing

Our final unit will focus on programming and using Scratch to modify and create animations using repetition. This will build on our work on LOGO previously.

PSHE

In PSHE this term, we will be looking at relationships and sex education. Year 3 will discuss how male and female bodies are different and what different parts are called. We will consider how bodies change and who are trusted adults are who can help us. We will also discuss personal hygiene and how to keep ourselves clean as well as how to prevent different illnesses and diseases spreading. Year 4 will be will discuss the main stages of the human life cycle, how we began and what it means to be a 'grown up'.
