

East Allington  
Primary School

# Welcome to East Allington...

We welcome you to our school located in the beautiful village of East Allington.

Our school and staff are committed to **“providing the best for each child in order to get the best”**. This means that teaching and learning will be the best, opportunities to enrich our children will be the best, and the children’s achievements will be the best. We are popular and many children commute from outlying villages and Kingsbridge.

Our staff and parents will be delighted to tell you about the school and if you want to find out more, talk to our children. They are the best!

Tom Pether

Head of School

# Skills and Opportunities

We are committed to providing an education for our children which gives them the best possible start in life. They are equipped with the skills needed in an ever changing world which prepare them for the next stages of their education. Our children learn to learn, appreciate the community they live in and understand the opportunities that exist in the world around them.

- Children enjoy school
- Pupils' spiritual, moral, social and cultural skills are well developed
- Pupils said they felt safe in school. They strongly affirm there is no bullying and that pupils get on with each other amicably
- Behaviour is good and individual pupils support each other well
- Teaching is stimulating and fun
- Excellent links with the local community college enhance pupils' learning
- Children make good progress

A collage of children and a teacher smiling. The background features a young boy in a red shirt holding a teddy bear, and a young girl with blue eyes. In the foreground, a woman with glasses and a pink scarf smiles warmly.

# Curriculum

The children enjoy both child and teacher led play activities within the classroom and our children have plenty of time to explore the outdoor environment.

We take a very creative approach to covering the curriculum and our teachers work hard to plan and deliver interesting and exciting learning experiences. Our children learn how to be responsible and independent learners who thrive on challenge.

## Arrange a Visit

If you would like to visit us, or find out more please contact us on 01548 855256

# Inspiring and Exciting Learning Experiences

The children are encouraged to be independent learners and to choose their own learning journeys. We believe that every child is unique and the best learning happens when they are engaged and motivated. We therefore aim to provide a rich, secure and enabling environment in which the children can develop a lifelong love of learning, and who pride themselves on trying their very best at all times.

Our children learn through topics which are exciting and relevant to them and are taught the skills necessary to enable them to become independent learners who are also able to collaborate effectively on projects and problem solving activities. The teachers provide rich, inspiring and exciting learning experiences on and off the school site in order to foster a love of learning and help every individual to reach their full potential.
