

North Durham Academy – Small Group Targeted Intervention - Feb 2021

Alongside the 'Remote Revision Sessions', subject specialists are also conducting small group targeted intervention after school, during 'Catch-Up' time, which runs from 2.45pm- 3.15pm. Each half term, teachers will identify a small group of students to attend sessions, focused on supporting them in closing any gaps in their learning, mastering skills and meeting their full potential in their GCSE examinations. If selected to participate, students will be informed by their teacher and advised of the day they should attend.

This information will also be added to our electronic registers so we can track attendance and for Health and Safety reasons.

The targeted intervention sessions that are taking place this half term are as follows:
