

## **Emma Dibble**

### **Resources, Governor Training, SEND, Literacy & Wellbeing/R2R**

Hello I am Emma Dibble and I was appointed a parent Governor at Belvoirdale in April 2017. I wanted to be a Parent Governor to be a voice of the parents when it comes to school matters.

My eldest daughter is a pupil at the school and I see first-hand, the outstanding teaching and learning through her. My youngest daughter will be attending in autumn 2018, my husband and I are extremely excited for her journey within the school to start.

I am a working mum, I support Retail Apprenticeships in the Midlands and this allows me the flexibility to be a Governor and an involved parent, supporting the events at Belvoirdale. One of my biggest beliefs is that parents need to be involved within their child's school, whether that be attending a parent evening, a head teacher assembly or attending a knowledge harvest; each and every event needs our support.

## **Nigel Wakefield Parent Governor**

I have lived in Coalville for 13 years. My Son attends Belvoirdale and in that time I have seen the school change and grow in many ways. I have been active with Friends and Family-a very small and dedicated group of parents and have enjoyed it immensely I feel it is now time to get more involved with the school having observed what a dedicated group of people they are and the support they give the children is second to none. While I'm new to the role of parent governor, I will do my utmost to be the best I can be and add value to the governing body in order to continue to raise the standards at Belvoirdale, while keeping the school and the student interests at the heart of everything I do.

### **Dale Bradley Parent Governor**

I am proud that my child attends Belvoirdale and I've been very impressed with the education he has received so far. In my job as a Store Manager for the Co-op, I have lots of opportunities to see people develop and learn how a positive attitude can go a long way. I believe that primary school is the beginning of all of this and provides children with those building blocks of life. Although new to the role of parent governor, I will do my best to support and continue the great work the school has done so far, strive to raise standards and provide children with the best opportunities as they make their way through the school and into the next stages of their life.

### **Lorraine Smalley CO-Opted Governor**

I have recently been appointed as Co-opted governor here at Belvoirdale. I have lived in North West Leicestershire for over 15 years with my child now attending one of the local secondary schools Coalville.

Professionally, I have several years' experience within the Further Education Sector working within Human Resources which I hope I can use to bring and add value to Belvoirdale. I also have previous experience of being a Governor for a local College and Pre School.

I have a real passion for education and I am excited to be working and supporting both the Head Teacher and Governing Body in the Schools continuing journey to be the best it can possibly be for our local community.

## **Pamela Clark** Parent Governor

My name is Pam and my son is here at Belvoirdale. I'm hoping to become more involved in his (and everyone else's) education and journey, with the aim to understand why things are set out the way they are and how this helps the children learn the way they do. I believe that kids learn best when the adults around them let them explore the world in a way that makes sense to them, and I'm hoping that by getting more involved I can guide this process a little more. I have no experience here, but I don't see that as a weakness. In fact, with no prior knowledge of the way things are 'supposed to be' I am in a position to question why things have to be that way. I'm always around, and while I might look a little like I'll bite, I'm more than happy to chat and see if there's anything I can do in this new position to help not only my own son, but everyone's child get the education and the experience they deserve to have here at Belvoirdale. Thanks so much everyone.
