

At Belvoirdale, we aim to equip our children with the confidence to experiment with colour, design, texture, form, and function. In our engaging curriculum, we celebrate all successes using our sketchbooks and creative displays. Every child is given the opportunity to study how key events and individuals in design and technology have helped shape the world that we live in today. As well as this, children learn how to prepare and cook a variety of dishes using a variety of ingredients. Within our sequence of lessons, we inspire independence through evaluation and reflection of the key skills required to complete our design and technology projects.

Celebrate
success

Study how key events
and individuals in
design and technology
have helped shape the
world.

Understand and
use electronic
and mechanical
systems.

Create confidence
and independence
through
reflection.

Understand and apply
the principles of a
healthy and varied
diet.

Experiment with
colour, design,
texture, form, and
function

Create
creativity,
ignite
imagination,

inspire
inventiveness.

Dream it Learn it Live it
