

## English

In English, we are finishing up our work on Escape to Pompeii. The children have really enjoyed this book and have used it really well for some fantastic opportunities for writing. We will then be moving on to our new book, How to Train Your Dragon by Cressida Cowell (This is top secret news until the end of this week so please try and refrain from telling your child!). Using the book as our stimulus, we will be creating character descriptions, newspaper reports and more!

## French

In French we will be starting our new unit on instruments. We will be learning the names of 10 different instruments and learning how to say 'I can play'.

## PE

After finishing our swimming lessons, we will be moving on to developing our athletics skills with Matt and working as a team within our outdoor and adventurous sessions.

## Music

Within music, we will focus on technology, structure and form. We will use music technology software to perform and compose. We will also be introduced to the concept of audio effects and how to use these.

## RE

In RE we will be learning about what Hindus believe God is like. We will be learning about a range of Hindu deities and how Hindus worship them.

## Summer 1 in the Tigers!

We cannot believe we are entering the Summer Term already!

Please get in touch if you have any questions. Mrs Spivey will be teaching Mon-Wed and Mrs Rhodes will take Over Thurs - Fri.

**PE days will be Tuesdays for swimming and Thursdays for PE.**

**Library slot: Friday**

**Our trip to the Botanical Gardens in Leicester is on Friday 3rd May.**

## Geography

This term, we are focusing our learning around the question 'Why are jungles so wet and deserts so dry?' We will be thinking about different climates and about some of the jungles and deserts of the world.

## Art

In Art this term we are looking at how we can use natural materials in our work. We will look at the work of famous artists such as Frances Hatch, Anna Atkins and Zhang Dali and take inspiration from them to create our own artwork.

# SUMMER 1

## Maths

In maths we are continuing our learning about fractions, including improper fractions and mixed numbers; and practising our times tables because they make our understanding of fractions so much easier. After this, we will be moving onto decimals including money and time. Times tables are a particular focus this term as we come up to the National Multiplication Tables Check.

## PSHE

We will be concluding our work on financial capability and then we will move on to looking at our emotions. We will be thinking about what 'unique' means and revisiting our previous work on mental wellbeing.

## Science

We will be concluding our science topic on electricity before moving on to learning about habitats. We will learn how to classify animals and plants, and the human effect on habitats.
