

## History at Belvoirdale

Learning History at Belvoirdale provides all our children the ability to enjoy, explore and delve deeper into exploring our connections to the past and the world in which they live now. Our children have access to a wide range of resources and inspirations to aid them in their discoveries and learn history across the curriculum. History at Belvoirdale aims to inspire children to actively understand different periods of time, as well as cultures, in order to understand the bigger picture of how our current civilisation came about. We will develop the skills required to be a good historian; how to research and gather information, as well as how to question information gathered for authenticity, perspective, and reliability, to discern accurate sources in the modern world of information overload. Our vision is that Belvoirdale pupils leave with an increased confidence and understanding of historical facts and skills, as well as an understanding of its influence on our everyday lives which will enable them to become confident and well-educated citizens within our society.

Explore different evidence closely.

Understand timelines and order of events.

Question reliability and reasons.

Compare the past and present.

From local to world history.
