

## **Music at Belvoirdale**

Our aspirations at Belvoirdale is to engender a lifelong love of music by striving to promote children's confidence and enjoyment of music and singing. Music is an integral part of our Curriculum. We follow the **Leicestershire Music Scheme of Work**, teaching enlivening music lessons where children are encouraged to listen and appreciate music from a wide variety of genres, explore instruments by composing and performing and learning about the structure of music and all that it encompasses. Music lessons are a chance for fun self-expression, which in turn, we hope to unleash a talent that has gone unrecognised in children especially in those children who sometimes struggle academically. Throughout your child's experience at Belvoirdale we give them the opportunity to learn to play an instrument and hopefully in turn this will give our children the desire to carry on with instrumental learning. At Belvoirdale we appreciate the benefits of music lessons in promoting; positive wellbeing, inspiration, emotional growth, strengthens hand-eye coordination and improving self-confidence.

To build a love and appreciation for co-operation.

Positive wellbeing, inspiration and emotional growth.

Engender a lifelong love of music.

Compose and perform.

A chance for fun self-expression.

Appreciate a wide variety of genres.

Music as an integral part of the curriculum.

## Music Vision

To create confident musicians who **EXPLORE** and *evaluate* **music** to enhance their lives and education.
