

OXLEY PRIMARY SCHOOL

LEOPARDS

English

This term we will be reading Jumanji, by Chris Van Allsburg. We will be perfecting our recount writing skills, learning how to use more specific expanded nouns to describe both main and subordinate clauses. Finally, we will be writing our own sequel.

Maths

In Maths, after finishing our unit on addition and subtraction, we will then move on to study multiplication and division where we will begin by looking at equal groups and arrays before moving on to study division through sharing and grouping.

French

In French we will be learning to retell the traditional tale, 'Little Red Riding Hood'. This will bring together and build on our learning so far.

Geography

In Geography, we will learn what living sustainably means; focusing on both renewable and non-renewable resources, such as electricity and how creating new habitats for birds is an example of sustainable development.

Welcome to Autumn 2 in the Leopard Class!

What a fantastic start to the new school year our Year 3 Leopard children have had.

We have very much enjoyed getting to know our lovely Leopards and have been so impressed with both their enthusiasm and attitude to learning in all areas of the curriculum. Superstars!

PE days: As before the half term, our PE days will continue to be on a Monday and Wednesday

Library Slot: Thursday

AUTUMN 2

PE

After finishing our unit on striking and fielding, we will begin to develop our tactical skills through the use of invasion games. We will also begin dance lessons with an external dance teacher.

RE

In R.E, we will seek answers to our big topic question; 'How do festivals and worship show what matters to Muslims?'

Science

Our Science unit this term is 'States of Matter' Through this topic, we will explore changes in state of solids, liquids and gases, and partake in several investigations including measuring the effect that changes in temperature have on a solid (melting) and the evaporation of a liquid.

DT

As part of our unit on textiles, we will be making money containers where we will design and create a fabric container using our sewing skills.

Computing

In computing, we will learn that the internet is a network of networks which need to be kept secure. We will have opportunities to explore the World Wide Web and evaluate online content.

PSHE

In our PSHE lessons, we will look at our own and others' identities, discuss how we can respect diversity and understand the different roles people can play in communities
